No. 90-M022

EPA CITES KEYSTONE STEEL AND WIRE CO. FOR HAZARDOUS WASTE VIOLATIONS; SEEKS \$54,500

U.S. Environmental Protection Agency (U.S. EPA) Region 5 today announced the recent filing of civil administrative action against Keystone Steel and Wire Co., 7000 Southwest Adams St., Peoria, IL.

The complaint proposes a penalty of \$54,500 and alleges that the plant violated Federal Resource Conservation and Recovery Act (RCRA) regulations on the disposal of hazardous waste.

Specifically, Keystone unlawfully stored hazardous waste in an unauthorized waste pile. Additionally, the waste pile was not properly constructed.

The waste disposal also violated recent land ban regulations, which restrict certain wastes from being disposed on the ground.

The company has the right to request that U.S. EPA hold a settlement conference and a hearing to discuss the charges. It has until March 19, 1990, to respond.
